

BOSTONS WIN FROM INDIANS

Trim The Indians To the Tune of 6 to 2

A SURPRISE FOR LATTER

Old Not Score a Run Until Last Inning—Chick Stahl Appointed as Manager to Succed Jimmy Collins.

Boston, Aug. 30.—The game between the Cleveland and the Boston began fifteen minutes earlier than usual yesterday in order that the visiting team might catch their train home.

It was the third game in the series between the two teams, the Indians having won the other two games, and the Boston were determined to play harder than ever to down them.

The Naps did not fear defeat at the hands of the Pilgrims, as they had found their games easy in the other battles and depended on that the Boston wouldn't be able to do it a bit better in yesterday's game than they did in the previous contests. The Pilgrims, woke up, however, and proceeded to trim the Naps 6 to 2. The game was won in the first inning, as has been the case in the preceding games of the series, a hit, a base on balls, a wild pitch and three errors giving the Pilgrims a lead of three runs. Chick Stahl was given the glad hand when he stepped up to bat in the role of manager, having been appointed by President Johnson to succeed Jimmy Collins, who is under indefinite suspension. The score:

Innings: 1 2 3 4 5 6 7 8 9
Cleveland.....0 0 0 0 0 0 0 2 2
Boston.....3 0 2 1 0 0 0 0 6

TENNIS TITLE FOR CLOTHIER

Defeats Champion Wright in Straight Sets at Newport—Defender in Poor Form.

Newport, R. I., Aug. 30.—The lawn tennis championship of the United States in singles was won and lost here yesterday, when W. J. Clothier, challenger, defeated Beals C. Wright, defender, in straight sets. The new title holder overtopped the former champion at all stages of the play, and won 6-3, 6-0, 6-1. The conditions for the challenge match were decidedly unfavorable. There was much moisture in the atmosphere and the surface of the court was slow and draggy.

CAMBRIDGE'S TIME IS SLOWER THAN YANKEES

English Crew Covers the Course on the Thames in 20:06—Disappointment at Result.

Putney, Eng., Aug. 30.—Cambridge rowed a time trial over the regular course yesterday in twenty minutes and six seconds. This is twenty seconds slower than Harvard's time Tuesday, but the conditions were slightly different.

An ebb tide and a head wind was what confronted the Englishmen when they went over the distance. Harvard had a slight advantage of a breeze, but the Cambridge crew were paced the last half mile by a Leander crew.

At the start Cambridge pushed the stroke up to thirty-six and after going just the mile mark dropped to thirty-one and went back to its former swing, finishing.

BASE HITS.

St. Louis' new pitcher, Charles Rhodes, is the smallest pitcher in the National League.

President Soden says there is absolutely no truth in the rumor that the Boston Nationals are to have a new owner.

Manager Clarke of Pittsburgh has not lost confidence in Lefty McIlveen. He believes that the husky south paw will prove a winner.

The St. Louis National club has traded Pitcher Al Egan and Shortstop George F. McBride to Kansas City for infielder Billy Phyle.

Catcher Kling of Chicago is a much feared man by every base stealer in the National League. He whips them down to second in great shape.

Leon Ames of the New York Giants invariably encounters difficulty in locating the plate and in order to get the ball over lets up perceptibly.

The Cincinnati club emphatically denies having made overtures to Dr. Reisinger, the ineligible player, now with the Lancaster (Pa.) outlaw club.

Catcher Schlei of Cincinnati is making an effort to back up Hanlon's statement that he is a better man than Bowdoin. Schlei is hitting the ball hard and often.

HINTS ON PHOTOGRAPHS.

It is unwise to wear a new dress. It always falls in awkward folds. Whenever possible it is money well spent to drive to the photographer's.

A feather boa or a lace fichu has a wonderfully softening effect on the features.

If you want your picture to have a natural expression, you must forget where you are.

Generally speaking, the head and shoulders make a far prettier picture than a full length portrait.

Coloqure.

An excellent cologne may be made with half an ounce of oil of bergamot, quarter of an ounce of oil of lemon, half an ounce of oil of orange, half an ounce of oil of English lavender, half a dram of neroli and one quart of alcohol. Shake the bottle several times a day for four or five days.

South Carolinians are "wensels," "fand fillers" and "ricebirds," the first an allusion to the thinness of the early natives, the second to their place of residence, the third to a common crop and bird which feeds on it.

"NO OFFICIAL TERRORISM"

Russia Will Respect Lawful Opposition

ASTONISHING FIGURES

For Ten Days' Outrages—Czar to Appeal Personally to His Officials—The Mikado Congratulates Stolypin on His Escape.

St. Petersburg, Aug. 30.—In view of suggestions in the foreign press regarding the coming policy of the government, founded on rumors current here, it is semi-officially stated that it would be a great mistake to suppose that revolutionary terrorism will be met by terrorism on the part of the government, which always will be able to distinguish between legal opposition and enemies determined to nullify the law, whether by propaganda or by passive resistance. A propaganda has its own means of struggling, whether through the press or by meeting; but disturbances of order will be prosecuted eternally whatever ideas are professed. The government has sufficient means, the statement continues, of suppressing illegal acts, but suppression is not the only aim, the first problem being the preparation of bills to be presented in parliament for the settlement of pressing questions in a legal manner. The statement concludes as follows: "Revolutionaries may try to destroy the work of the government, but finally they must fail, as the government cannot refrain from the fulfillment of reforms simply because one statesman or another may be replaced."

The Liberal papers welcome the statement, but plainly manifest their distrust of whether the ministry will be able to master the situation by the publication of the measure providing for the distribution of land to the peasants. Some of the papers, however, hail the announcement as being a distinct concession from the position which the government took two months ago, when Premier Gorev returned a non possumus to this demand on the part of the parliament.

It is reported that General Rennenkampf has been appointed successor of General Skalon, as governor of Warsaw.

A TEN DAYS' "BUTCHER'S BILL"

Astonishing Record of Murder and Violence in Russia.

St. Petersburg, Aug. 30.—The Retch has compiled the following ten days' "butcher's bill" in Russia, not including the Caucasus and Finland: Between August 10 and August 20, policemen, gendarmes and soldiers killed while on police duty, 101; wounded, 72; private persons killed and wounded, 201; crown spirit shops looted, 31; carried off from private individuals and firms by robbers, 256,831 rubles; from government institutions, 159,962 rubles; and armed assaults, over 150. The list is far from complete, as it only includes crimes reported by the telegraph.

St. Petersburg, Aug. 30.—The Socialists are preparing for a general strike in September.

Gov. Skalon, governor of Warsaw, who recently was injured by a bomb thrown by a woman, is about to be replaced by General Orloff, who suppressed the revolt in the Baltic provinces.

The governments of Germany, Austria, France, Great Britain, the United States, Italy, Belgium and Japan have conveyed to Premier Stolypin their congratulations upon his escape from the assassin's bomb and an expression of their indignation at the outrage.

ment of the interior, in which the czar asks them all to stand by him at the risk of their lives.

The appeal, frankly failing to minimize the critical condition of affairs, requests that all officials of the empire remain at their posts and to show no sympathy for "those who, by their wilful disobedience of the laws, disregard the measures we have taken for their welfare, have forfeited all claims to our clemency and are unworthy to be termed citizens of our empire."

The appeal is regarded here as the most remarkable utterance ever made public by the czar.

JAPAN AND COREA AGREE.

Island Empire to Build Two Important Naval Stations.

Tokio, Aug. 30.—Under an agreement reached between Japan and Korea, it is understood that Chinsaw and Yongbeung will be converted into naval stations at an early date, at the expense of Japan.

Chinsaw is an important strategic point guarding the entrance of the sea of Japan, near the Tsu islands, while Yongbeung, lying northward of Wonsan, on the east coast of Korea, will be a valuable base against an attack on Korea from the north.

ROBS LONDON MERCHANTS.

Man Posing as Member of Harvard Crew Reaps Rich Harvest.

London, Aug. 30.—A well dressed young African, posing as a member of the Harvard crew, victimized west end tradesmen out of several hundred pounds sterling during the past week. Registering at the large hotels under the name of one of the Harvard crew, he would go to the stores and order clothes and other articles to be sent to the hotel where he was stopping, asking that the bill be forwarded the next day.

In every case the tradesmen fell into the trap and the articles were sent. But when the collectors went for the money, they were informed that the man had left soon after the arrival of the parcel. Gunmakers, tailors and others were among the victims.

Rio de Janeiro, Aug. 30.—The federal forces commanded by General Rego yesterday presented an ultimatum to Fausto Cardoza, the chief of the revolutionists in the province of Sergipe, to leave the government palace.

The governor of the province has been reinstated.

Tientsin, China, Aug. 30.—The Russian consul here, M. Laptev, was shot in the stomach yesterday by a Russian concession contractor named Levinsky, who fired four times at the consul and hit him once. The shooting occurred at the Russian consulate. The would-be assassin was arrested. His victim is in a dangerous condition.

CHIEF SANCHEZ CAUGHT.

Escape of Puljanines from Leyte Is Now Cut Off.

Manila, P. I., Aug. 30.—Word has been received that native volunteers captured Armones Sanchez, a chief of the Puljanines, in the province of Leyte, near Bagay, last Saturday.

The escape of the bandits from Leyte has been cut off by troops who will prevent the arrival of reinforcements of Puljanines from Samar. The situation is greatly improved.

GEORGIA POPULISTS GIVE UP

Hoke Smith's Victory Too Big to Overcome

ONLY NINE DELEGATES

Appear at State Convention—Tillman's Men Loses in South Carolina—Ohio Senators Fight for Indorsement of Party.

Atlanta, Ga., Aug. 30.—The Populist state convention called to meet here Tuesday to nominate a state ticket failed to materialize, only nine delegates making their appearance. The reason assigned for the failure of the convention is that Hoke Smith's overwhelming victory in the Democratic primaries recently held would make it useless to put out a candidate against him.

OHIO SENATORS WILL FIGHT.

Dick Says He and Foraker Want Indorsement of State Convention.

Cleveland, Aug. 30.—Senator Dick declared that he and Senator Foraker will fight for indorsement at the Republican state convention. He says the fight will be to a finish. He said: "Personally no one can regret more than I any antagonism or opposition toward the Ohio senators. This is not the first experience of the kind. Ohio Republicans had to decide a like controversy some years ago. At that time Senator Hanna was denounced as a 'red-necked boss'; President McKinley was called a 'jelly-bell'; and Governor Nash a 'man without backbone.' All these men, however, survived the taunts and insults of their enemies and were sustained throughout by loyal Ohio Republicans. If the Ohio senators were disposed for any reason to retire from the conflict they could not do so now. They owe it to their friends over the entire state as well as to themselves to fight this matter to a finish. It also remains to be seen whether the contest for the next governorship and the next Ohio delegation in the national convention or the fight for a senatorial seat not to be filled until after another election shall jeopardize and imperil Republican success in Ohio next fall."

DISPENSARY SEEMS BEATEN.

Probable Result of the Primaries in South Carolina.

Columbia, S. C., Aug. 30.—The state primary election held Tuesday attracted unusual interest and the vote was large. For governor, Ansel leads by a good majority, with Manning or Blease coming second. The counties in the upper part of the state voted nearly solid for Ansel and the low counties for Manning.

For attorney general Lyon leads by a handsome majority, in spite of the bitter fight made by the followers of the dispensary, Senator Tillman taking the stump himself and expounding the state in the hope of injuring the man who has sworn to put stripes on the grafters. The race for secretary of state is close, but McCown seems to be the favorite, the latest returns giving him the place. Boyd is certainly chosen for adjutant general and Haskell, his war record as a Confederate soldier standing him in good stead. No cases of disorder have been reported and there is very little drunkenness. Much interest has been centered in the elections on account of the growing sentiment against Tillman and the dispensaries.

Ansel, for governor, is running on the local option platform, which accounts for his heavy vote. Manning is a dispensary candidate and the grogshop forces seem united on him. The returns on legislative candidates are slow and it is hard to tell whether the next legislature will be for or against the dispensary.

NEED \$25,000,000 YEARLY.

Estimate Being Prepared for Appropriations for Canal.

Washington, Aug. 30.—No application has yet been made to the isthmian canal commission for the specifications recently issued for the supply of Chinese coolie labor for canal construction work on the isthmus. This does not mean, however, that no bids will be received. The commission has had inquiries for two years or more from about 150 firms concerning the likelihood of the employment of coolie labor. When specifications were issued the commission at once mailed copies to each of these firms, and anticipated the probable demand.

Estimates for canal appropriations for 1907 are now in course of preparation at the offices of the isthmian canal commission. It is said that about \$25,000,000 can be expended judiciously each year.

BURIED AS A PAUPER

SHE LEFT ABOUT \$4,500

Content in Hartford, Conn., Probate Court Over the Estate Reveals the Story of the Hidden Wealth.

Hartford, Ct., Aug. 30.—A contest in the local probate court over the estate of Miss Mary Lucas has brought out the fact that although buried as a town pauper, she was worth \$4,500. The woman was found in her room on John street last April, after she had been dead several days. She was a washerwoman, 76 years old, and it was thought she had no property, and so the city buried her. A few days after a search was made of her effects and bank books showing she had \$4,500 on deposit in Hartford savings banks came to light. As soon as the fact became known Mrs. Annie Castles of this city, an acquaintance, filed a claim for \$4,500 alleged to be due her for services. The claim was rejected, and Mrs. Castles has now brought suit against the estate. The heirs to the estate are two nieces in Springfield, Mass.

NOAH A BANKRUPT.

Burlington Fruit Merchant Files Petition—Owes \$1,500.

Burlington, Aug. 30.—A petition in involuntary bankruptcy was filed at the district court clerk's office in this city yesterday by some of the creditors of Noah B. Noah, who formerly kept a fruit store on Bank street, the same having been closed by a writ of attachment some time ago. The creditors who ask to have Noah adjudged a bankrupt and to have the amounts of their claims as follows: United fruit company, Boston, \$837.38; Charles Lawrence & company, Boston, \$362.33; Eugene M. Travis and company, New York, \$489.50.

It is also alleged in the petition that Noah on August 7 and at other times admitted in writing that he was a bankrupt and was willing to be adjudged such, thereby committing an act of bankruptcy.

Too many men go through life with chips on their shoulders.

Nature would be ashamed to try to imitate some brands of art.
